OUR STORY AND SS23 HIGHLIGHTS

IT'S AN ITALIAN GOLF EVOLUTION!

Times flies when you are on a mission to create the perfect golf shoe. By perfect, we mean fashionable AND functional. Since its launch in 2004, Duca del Cosma has become a favourite for great-fitting golf shoes that look sensational both on and off the golf course. Two decades later, Duca continues to push the boundaries for fashionable innovation with around 120 styles in its collection, and selling in more than 40 countries around the world.

UNIVERSAL APPEAL

Duca del Cosma still translates the brand's core values – be bold and innovative with a touch of La Dolce Vita – into reality, from its Venetian design studio. Duca works with the best Italian tanneries; ensures each of our golf shoes comes with an ARNEFLEX® memory foam insole to ensure the best fit and comfort, and provides a choice of two lace colour options to match your various outfits. We are a golf shoe brand with universal appeal. So stand out on the golf course and then step off it into everyday life without the need to change out of your Duca del Cosma footwear.

EXPERIENCE

Sports shoe entrepreneur, Frank van Wezel, who founded and developed the successful international HI-TEC brand, now owns Duca del Cosma. He and his wife, Caroline, run the operation from the global head office in The Netherlands and aim to keep things real. This ethos extends to Duca's customer care, as Frank's personal email address is printed inside every shoebox so that customers can give him 24/7 feedback.

COLLECTION SS 2023 - BEST OF THE BEST

For SS23, Duca del Cosma unveils the best of the best to help golfers play better and play smarter! The collection features styles which will turn heads. We have used prints and bling; produced ranges from chic classics and fun colour-blocking, to timeless golf shoes, all without any compromise on comfort and functionality. All our shoes are handcrafted in Portugal using high quality materials and superior construction, soft linings, outsoles made from durable compounds and, of course, a waterproof sock system. Our premium brand is well renowned for designing golf shoes for the specific needs of female golfers of all levels, and the King Cheetah Project and golf shoe collaboration with Melanie-Jane Lancaster – partner and caddy of PGA Tour Player, Joost Luiten - are collection 2023 highlights.

PROGRESSION

To help avid players and professionals navigate the 2023 collection, there are five style categories to choose from: Pro, Fashion, Sporty, Heritage and Classy. Duca owner and golf-lover, Frank van Wezel, is especially proud of the fact that six-time European Tour champion Joost Luiten co-designed the Pro line. But that's not all, the Company's commitment to produce eco-friendly shoes has paid off. Duca's first fully recyclable spikeless outsole has arrived! So, it's a golf shoe collection we can proudly enthuse about!

AMBASSADORS

Duca del Cosma is proud to introduce ambassadors from the Duca community. We partner with international golf players to both support their performance, and to elevate the Italian Golf Evolution.

JOOST LUITEN

The famous Dutch golfer, Joost Luiten, has won 6 European Tour events. A highlight in his career was hitting two holes-in-one during the same week on the European tour, both times wearing Duca del Cosma shoes. Duca del Cosma is proud to support Joost and have him as a Duca ambassador.

"A few years back I was approached by Duca del Cosma to try their golf shoes. Duca's were a revelation to me - so modern, comfortable and completely different from the traditional golf shoe. I enjoyed trying them out and I am happy that this has now been settled in a sponsorship for three years."

Our newest Ambassador, US Pro golfer, Erik Flores, grew up in the beautiful surroundings of Alta Sierra and is now playing on the Canadian PGA and Korn Ferry Tours. We are excited to have him on board and to working with him to continue to improve and innovate our brand.

ERIK FLORES

"I've been a huge fan of Duca del Cosma since I first came across the brand and am really excited to become an ambassador to help further promote the super distinctive shoes on offer."

DAAN HUIZING

Daan is a Dutch professional player who won the Irish Challenge Tour 2021, enabling him to play the DP World Tour. Duca signed with Daan at the Dutch Open 2022 after which he went on to position T10 at The Porsche European Open wearing our shoes. We are delighted to have Daan on board and to continue to support his performance on the Tour with our shoes.

"I am very impressed with the quality and comfort of Duca del Cosma products and confident that we can help each other grow with this collaboration. The brand is very professional and adapts quickly to new developments, so I'm happy to have Duca del Cosma in my team and look forward to winning with them at the highest level."

Kelly is a Malaysian golfer whose passion for the sport started at a very young age. In 2014 she entered the LPGA Tour and has since been selected twice to play in the Olympics for the Malaysian team, both times wearing Duca shoes. We are extremely proud to have her as one of our ambassadors.

KELLY TAN

"From wearing Duca del Cosma shoes at the Olympic Games, I was able to appreciate the stunning quality on offer right away and it made signing with the brand an easy decision"

PASQUALE COFFA

The Dutch player Pasquale is a great Duca fan. She is now playing on the Ladies European Tour, and has big plans for the future. We hope that she will achieve all her golfing ambitions wearing our shoes.

"I am very happy with my Ducas! Duca del Cosma is part of my golf performance, the shoes not only give me comfort and stability but also style to shine on the fairways."

IN THE MEDIA

The impact Duca del Cosma makes does not go unnoticed, and we regularly feature in both on and offline golf media publications across the globe.

31 BRAND FOCUS

READER TEST: DUCA DEL COSMA SHOES

Over the winter period, we invited four PGA Professionals to test out the performance of the latest golf footwear from Italian fashion brand Duca del Cosma and asked them to report on what they found. Here's what they had to report:

Jenny Potter
 "My first impression of the Duca style was Wow... is that really a golf shoe? They looked great, but I was intrigued with how they'd perform when playing golf. I've never played in boots before, so looking down on them initially was a little different. But they were brilliant to wear! My feet were lovely and warm and it was such a comfortable fit. The most surprising feature was the comfort aspect and how light they felt - not really feeling like you were wearing 'boots' to play golf in. They were extremely comfortable and very impressive stability-wise, thanks to the side structure that meant the grip performed well walking on slopes and during the swing. They're versatile too, as the upper styling enables you to wear them off the course... perfect for Clubhouses that don't require you to change around and re-wearing with confidence. As it turns out, they really are the best of both worlds! When I caught the attention of members and visitors straight off it really didn't take long to make our first sale! The mixture of the classic and sportier styles provide an option across the board, no matter the preferred style of the wearer. It's nice to see a new brand in the shoe sector unlike any other brand in the golf market, they put you in for a new touch of feel of the soft Italian leather and have customers taking them off the shelf and discussing their features and build design. The turnaround time when placing orders has been particularly impressive and the shoes have made an impression in both shops, as well as on our staff. We look forward to receiving the summer styles!"

Martin Brown, a PGA Professional for 22 years and Head Professional at Millaton Park GC in Nottinghamshire who he works the men's range.
 "My first impression of the 3.2 shoe (designed by Tour player and brand ambassador Joost Luiten) was that it seemed heavy to handle out of the box, but strangely not on my feet! I found they offered comfort and support over 18 holes straight out of the box, with no break-in period after the round unlike other brands. The level of comfort and stability only improved the more I wore them. I'm very impressed with the quality of the shoes, including the waterproof protection. In most cases, whenever you have input from Tour Pros the only item that concerns them is performance not style. So, to see the shoes have high levels of performance and style is very unusual, but it's a great combination. Due to the quality of the craftsmanship and materials used, I feel that our members will buy the shoes and then remain loyal customers. I've already experienced this with a few members. After buying their first pair, they very quickly came back for a second pair! Customer Service from Duca head office and the sales agent are excellent and other brands should aspire to meet their standards." **Craig Duggitt**, another PGA member for 22 years and Professional at Bramall Park GC, Sheffield who he stocks both the men's and women's range.
 "My first impression of the DeLago shoe was that it's a great looking boot, that I could wear off the course as well as on it. It was really comfortable and warm to wear during my first round. Initially, I thought it would feel awkward wearing a boot to play golf, but I was pleasantly surprised to find it felt just like wearing a shoe which was great. In terms of performance during other rounds, it proved to be really stable and one of the most comfortable shoes I've ever worn. I think the DeLago could be a good seller and I'd have no problem wearing them off the course, as they look like a normal pair of shoes when you wear trousers. In my experience, the Duca brand offers excellent great support and are very friendly and easy to deal with." **Gemma Hancock**, a PGA professional for more than 20 years, is in her first season of stocking Duca men's and women's shoes at the Tanshanger GC in Northern Ireland for the past year.
 "My first impression of the King Chester shoe was just how fashionable it looked compared to traditional golf shoes. Duca wore them out on the course I found that they were extremely comfortable and there was no need to break them in. They're also so fashionable that I'd be looking to wear them off-course as well. The most surprising feature was how comfortable they are to wear. Although they felt heavy and stiff when holding them and I thought they wouldn't feel so good, once they were on my feet they were amazingly comfortable during the round. Because they're structured to provide excellent stability and traction, it gave me added confidence through the golf swing. I think these shoes will sell really well. Ladies love their style, so the fashion element will be big bonus when selling to them. I've had lots of positive comments from ladies at the club so far, so I'm really looking forward to continuing my relationship with the brand."

32 BRAND FOCUS

King Chester comes with a waterproof sock system and recycled cork heel.

DeLago is a high-top boot with the performance of a conventional golf shoe.

Churchill (above) is another standout shoe, along with the **Bela** (below).

Duca Del Cosma en Daan Huizing gaan samenwerking aan

Duca del Cosma en DP World Tour-golfer Daan Huizing hebben een overeenkomst van drie jaar gesloten. Vanaf 1 mei 2022 loopt Huizing, net als eerder al Joost Luiten, officieel met schoenen en kleding van Duca del Cosma door Europa. Het contract werd tijdens het Dutch Open van de benodigde handtekeningen voorzien.

World / Persbericht Golfers Magazine / 27 mei 2022 16:41

Huizing: "Een gevlugelde uitspraak van mijn vriend en inspirator Johan Crujff luidt: 'winnen doe je met z'n allen'. Coaches, caddie, familie, vrienden en sponsors zijn allemaal een essentieel onderdeel voor het behalen van succes. Het is een reis die je met elkaar maakt en waarin iedereen zijn steentje bijdraagt. Sponsors hebben een bijzondere plek in mijn team; zij maken het mogelijk om mij mijn dromen en ambities te laten verwezenlijken."

De afgelopen maanden heeft Huizing de producten van Duca del Cosma uitvoerig getest. "Ik ben zeer onder de indruk van de kwaliteit en het comfort" aldus Huizing. "Het team van Duca del Cosma is zeer professioneel en weet snel te schakelen in nieuwe ontwikkelingen. Ik heb er alle vertrouwen in dat we elkaar met deze samenwerking kunnen helpen groeien. Ik ben blij om Duca del Cosma in mijn team te hebben en kijk er naar uit om met hen te winnen op het

Where have you been? ★★★★★

"The shoes are gorgeous and more importantly, I was able to walk the entire 18 holes on the first wearing. Our course is really a challenge to walk, so this is a remarkable bonus for me. I was so impressed on how quickly they arrived, the quality of construction and the value for the \$. The only problem is too much choice!"

NIGEL STEPHENS
